

# Oklahoma Blue Thumb

Stream Protection Through Education

We offer educational programs for any age group, in any setting, indoors or outdoors. These include, but are not limited to:

The education arm of the Water Quality Division of the Oklahoma Conservation Commission.

Funded by the Environmental Protection Agency, through the Clean Water Act, Section 319.

EnviroScape watershed/runoff/nonpoint source pollution model

Fish Printing

Incredible Journey water cycle activity

Stream Trailer erosion/riparian area demonstration

Sum of the Parts watershed/nonpoint source pollution activity

In the Creek Experience, looking at the creek biology (bugs and fish) and physical habitat

Activities can be adapted to fit any age group and can be tailored to focus on a specific topic or subject area. There is no cost to you for us to come to your school or classroom.
