Supported activities include...

Resources for Teachers

Outdoor Classrooms

Public Outreach

Supporting OK Conservation Districts

Citizen Scientists Water Monitoring

Educational Displays

"Bright futures begin with clean water."
 – The Water Project

HOW WE ARE CONNECTED

Friends of Blue Thumb

This nonprofit organization helps the Blue Thumb Water Quality Education Program by supporting volunteers and conservation districts involved in monitoring and water quality education. It also supports volunteer citizen scientists who collect stream data and educate the public about stream and river protection.

Blue Thumb Water Quality Education Program

This program is the educational arm of the OCC Water Quality Division and its mission is “stream protection through education.” We carry out this mission by providing water quality education statewide, and by supporting a network of citizen scientists who monitor Oklahoma streams.

Oklahoma Conservation Commission

The Commission works to conserve, protect and restore Oklahoma’s natural resources, working in collaboration with the conservation districts and other partners, on behalf of the citizens of Oklahoma.
